Dear Colleagues

On page 5, we are delighted to interview our new Spotlight columnist, Chad Smith. Chad came to Germany with a master's in journalism from New York University and worked at Berlitz for four years. He currently teaches at Louis Saport's Language Services in Hamburg and at the Business Language Centre outside Frankfurt. On pages 1-4, a creative writing activity, a visual collaboration game, some "false friends" and a fluency game all await you.

SHORT WORK-UP ACTIVITY

Clear-cut

Language work: Collocations with "cut" and "slice".
Preparation: Photocopying and cutting.
Materials: The collection game* (pages 58-59), small print (overcut), Spotlight plus.
Time: Hw. 15 minutes

Photocopy and cut out the 13 photos on pages 58-59 of the magazine.
For homework, ask students to read pages 58-59 in the magazine. They should do the exercise and self-check their answers.
In the next lesson, clarify any problems.
Scatter the pictures face up on your desk.
Split the class into two teams (A / B). One member from each team comes to the front of the class. Give them 10 seconds to memorize the photos.
Students then turn around while you remove one photo. The first person to name the missing picture wins five points for their team. If they can supply the collocation, another five points are awarded.
Repeat the procedure as above. The team with the most points at the end wins the prize.
The exercises on page 15 of Spotlight plus can be used later for review.
